ABOUT US

The UW Range Club is the Wyoming Society for Range Management's student chapter. As a club, we focus on professional and personal development through community outreach, fundraising and competing within the state and national Society for Range Management conventions. The club is also a space for many of our students to gain close friends, tutoring in classes, range and non range related, as well as connections with professionals worldwide. We are also focused on continually learning to better manage our rangelands in sustainable ways to help preserve the land for many generations to come.

PRESIDENTS LETTER

Dear Range Companions,

The range club had a very successful semester! We accomplished many of the goals that we put forth. We set goals for recruiting, funds, FFA, State SRM, and the woodlot. As far as recruiting, we built a strong foundation of members that are mixed-age; this will help ensure the longevity of our club. With more members, we were allowed to do more fundraising this semester. The funds that we collected will help go toward traveling and hosting our annual banquet. We were also able to host a Range Competition for our state FFA Chapters. On top of that, we were able to take a record of 23 students to State SRM! We competed well and learned many valuable professional skills.

In a few short weeks, we will be heading off to national SRM, again we are planning on taking a record 19 people there. Throughout the conference, our members will be competing, networking, and displaying our awesome club! We are hoping to bring back the trail boss for a second time. Once again, setting a record for the international SRM. We will have a booth in the trade show as well. We want to thank BKS Environmental Associates, Inc., for sponsoring us. We will be displaying our apparel, gear, and books. We hope to see you down in Denver!

Sincerely,

Michael Edwards

WYOMING STATE CONFERENCE

The Club did really well at our state conference this year. We brought 23 students and placed first in URME, Plant Identification and Extemporaneous Speaking. Congratulations to all of the students that competed and placed!

RANGE CLUB ANNUAL BANQUET

Albany County Fairgrounds

Saturday April 18, 2020

5:30 pm Cocktail Hour

6:30 pm Dinner

Silent auction will be held during cocktail hour
with a live auction to follow dinner
