Hello Wyoming SRM,

Once summer finally got here it sure seems to have gone by pretty quickly! It is hard to believe that we are already into August. I hope that everyone has had a safe and productive summer out on the range. I would also like to wish the students the best of luck as they head back to school in the next month.

I want to remind everyone to mark their calendars for the Wyoming and Colorado joint section meeting that will be held October 23rd-24th at the Little America in Cheyenne. It sounds like we will have a really good agenda put together with a variety of presentations from both Wyoming and Colorado. This joint state meeting will be an excellent opportunity for the sections to network prior to the 2020 international meeting in Denver. I want to thank the meeting organizers for all of their hard work in getting this meeting put together.

The Wyoming SRM Council will be meeting later this month for a regular business meeting. All Section members are welcome to participate, so please feel free to join if you are interested. Details for the date and call-in information will be sent out at a later date. We are still in the process of reviewing edits to the Wyoming SRM Bylaws and Section Handbook, once these edits are completed, they will be sent out for approval by all Section members.

WyRED was a success again this year, thanks to all of the hard work put in by the committee and those that come to help with the education and facilitation of the camp. The WyRED committee continues to improve the camp each year and ensure that we have future camps lined up, thank you all for your time and efforts!

There were three Ecological Site Description Application workshops held across the state this summer. These workshops were facilitated by NRCS and other partners. Workshops were held in Riverton, Clark, and Buffalo. It is great to have Wyoming SRM members helping to facilitate these workshops around the state, hopefully some of you were able to attend.

If there is anything that the council can do to serve you, the membership, better please reach out to your council representative or any member of the council. We are here to make your experience in SRM better and will work to do so in any way possible. Wishing you all a great and productive summer!

Wyoming Youth Resource Education Days (WYRED)

2019 Wyoming Youth Resource Education Days was a success! Although small in numbers, Kerry and Clair Powers hosted us in grand style. Their ranch provide a wonderful setting to learn about the natural resources and how to manage these resources. This year we had two young participants that were troopers through three days of instruction. Friday, the Wyoming Range Contest was hosted by Brady Irving and family. The WYRED Committee sends our appreciation to the Platte County Natural Resources District, Laramie County Conservation District, Laramie Rivers Conservation District, Uinta County Conservation District, Sheridan College, Northwest College, SWCA Consulting, USDA-NRCS and the Powers family for their service to and support of WYRED.

Camp Awards

Top Camper: Luke Voss

Most Improved: Cora Grant

Contest Awards

Top FFA Team: Chief Washakie FFA

Top 4-H Team: Converse County 4-H

Top 3 Wranglers: 1- Luke Voss, 2- Konnor Macy, 3- Branson Townsend
